YONSEI

Guide for using wireless internet service

Android

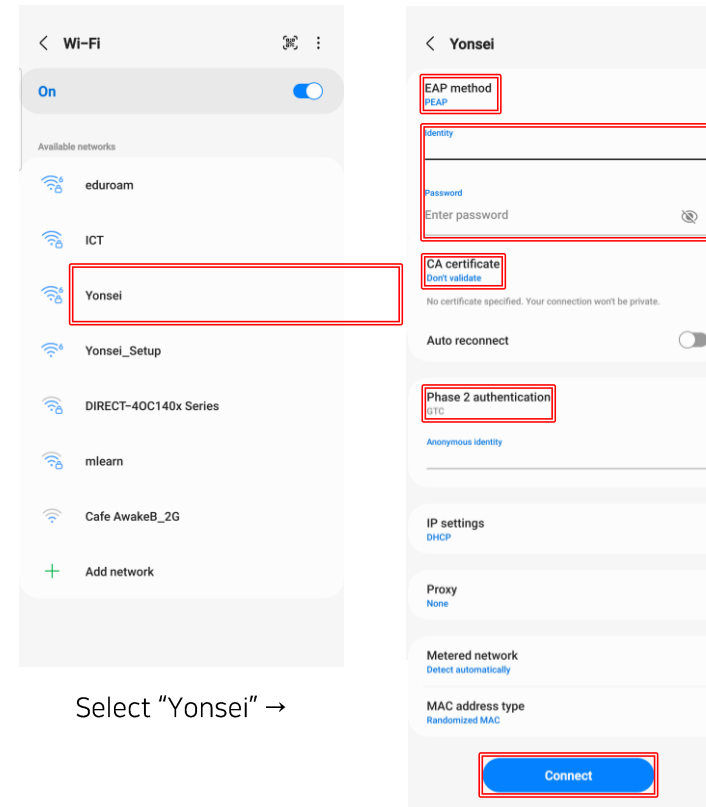

Android

For Android smartphone/tablet users

Pre-configuration is required for Wi-Fi access.

■ Connection Procedure

- ① Select "Yonsei" as the wireless internet name (SSID).
- ② Enter your Yonsei Portal ID/Password.
- ③ EAP method: "PEAP"
CA certificate: "Don't validate"
Phase 2 authentication: "GTC"
- ④ Connect

Select "Yonsei" →

EAP method: "PEAP"

Identity: Yonsei Portal ID

Password: Yonsei Portal PW

CA certificate:
"Don't validate"

Phase 2 authentication: "GTC"

**If you still cannot connect to Wi-Fi using the "Yonsei" SSID
even after following the manual,
please contact Team of Communication Network.
TEL. 033-760-2516**
